

induction brazing for air condition (AC) copper pipes or parts

United Induction Heating Machine Limited

We are experienced in Induction Heating, induction heating machine, Induction Heating equipment. They are widely used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering, induction melting and induction surface treatment applications
<http://www.uihm.com>

Our UM-25A-HF machine or custom-designed UM-20A-UHF machine with flexible induction coil is good for brazing air condition (AC) copper pipes or parts.
